Abstract: The purpose of the 21st Century Community Learning Centers program (21st CCLC program), as reauthorized under Title IV, Part B, of the No Child Left Behind Act of 2001, 4201 et seq., (20 U.S. Code 7171 et seq.), is to provide expanded academic enrichment opportunities for children attending low-performing schools. To reflect the changes in the authorization and administration of the 21st CCLC program and to comply with its reporting requirements, the U.S. Department of Education (ED) is requesting authorization for the collection of data through Web-based, data-collection modules, the Annual Performance Report, the Grantee Profile, the Competition Overview, and the State Activities module, which collectively will be housed in an application called the 21st CCLC Profile and Performance Information Collection System. The data will continue to be used to fulfill ED's requirement under the Government Performance and Results Act to report to Congress annually on the implementation and progress of 21st CCLC projects and the use of state administrative and technical assistance funds allocated to the states to support the program. The data collection will also provide State Educational Agency (SEA) liaisons with needed descriptive data about their grantees and allow SEA liaisons to conduct performance monitoring and identify areas of needed technical assistance.
